Keynotes from the Principal

We are proud to let you know that since its inception in 1994 DIET Darrang is holding a pioneer position in implementation of different educational and social activities which apparently upholds a significant role of DIET in the educational landscape of the state.

The vision of DIET is to become a resourceful, meaningful and valuable educational hub by empowering teachers and students with required knowledge, skills, attitudes and values so that all individuals achieve their full potential, become productive and well rounded members of the society. It is needless to say that the aim of education is to build human resources through changing the behavior of the children and DIET Darrang is emphasizing in fostering cognitive, psychomotor and affective domain in and outside the classroom for changing the behavior of the children as per need of the society.

Quality enhancement of school education through developing quality of teacher education is also one of the important aims of DIET and we will have to give more emphasis in introducing innovative practices to achieve the aim. We are happy to mention that DIET Darrang in collaboration with the National Level NGO "ENVIRON" a project on low cost "Solid waste management and organic farming" has already been launched. Our DIET has already been awarded for three best practices in the state consultative meet in the last year. In the state level and National level competition such as "Yoga Olympiad", Bal Vaigyanik Pradarshani, DIET Darrang is able to show consistency in tremendous achievement per year. "Siksha Samal", a good ICT initiative for e-content development and e-learning is also one of the most important initiatives of our institute. As a part of IQAC initiatives, a district level competition on innovative practice has already been conducted by DIET Darrang which is recognized as a milestone for reflecting innovation and capacity development among the teachers of the district to achieve goal of education.

Focusing on the importance of the NEP-2020, DIET Darrang has initiated many programmes such as workshop on "Pedagogy and Assessment in the light of NEP-2020", "21st century skills", "Sports Integrated Pedagogy", "Research and Studies" and ICT integrated pedagogy, Continuous Professional Development, Indian Knowledge System etc. Some other job oriented programs for the trainees such as financial and digital literacy, entrepreneurship development, self managed interview etc. have also been planned and proposed to be conducted in collaboration with other agencies in the days to come.

The "Pragya Sangbad", Newsletter of DIET Darrang is an educational hub where lots of information regarding DIET integrated activities have been assembled and published with a view to enhance educational values among the teacher educators, trainees, teachers, students and communities.

As DIET has a pivotal role in nation building through empowering teacher education and school education, DIET Darrang is working in accelerated manner towards transmitting and transforming itself into a centre of excellence covering all aspects of education which certainly will be a booster for achieving goal of education in future.

Let us look forward for quality development of teacher education as well as school education and adopt collaborative approach for shaping our future generation as per demand of the nation.

With Regards

From the Editor's desk

Dear Readers,

It gives me immense pleasure to present this edition of our newsletter, which showcases the vibrant tapestry of programmes and activities that define the essence of District Institute of Education and Training, Darrang. As we reflect on our journey since 1994, we are reminded of our unwavering commitment to educational excellence and our role as catalysts of change in the school education landscape of Darrang district.

This newsletter serves as a testament to the dedicated efforts of our faculty, staff, and partners who work tirelessly to create meaningful teaching-learning experiences. From innovative teacher training programmes to community engagement initiatives, each activity showcased here reflects our core philosophy of building "lifelong learners" who will contribute meaningfully to society.

The programmes featured in this edition demonstrate our multi-faceted approach to education. Our teacher training workshops continue to enhance pedagogical skills, while our field level programmes strengthen the vital connection with schools and society. The success stories highlighted in this newsletter are a source of pride and motivation for all of us at DIET Darrang. They represent the collective efforts of the Faculty, staff, trainees, and community members who have embraced our vision of holistic education. Each programme, each workshop, and each initiative contributes to our larger goal of creating an empowered and educated society.

We extend our heartfelt gratitude to all stakeholders who have supported our endeavors. Your continued cooperation and feedback enable us to refine our approaches and expand our impact. Let us continue to work hand in hand to strengthen the educational ecosystem in Darrang district and create a brighter future for our children.

Thank you for being part of this remarkable journey.

With warm regards,

Educational Visit to Indo-Bhutan Border

On 30th December 2023, 80 D.El. Ed 3rd semester trainees and a group of faculties from DIET Darrang visited Bhairabkunda to explore life along the Indo-Bhutan border. Highlights included a stop at Bhutan's Daifam town, a walk through Gethsemane Forest, interaction with locals, and observation of SSB drills. The visit offered rich insights into borderland culture, ecology, and international cooperation.

Edu Quest 2024

Showcases Innovative Teaching in Darrang

DIET Darrang organized EduQuest 2024 on January 9–10 to celebrate innovative classroom practices in elementary schools as a part of IQAC initiative. Twenty-four teachers and CRCCs from Dalgaon-Sialmari, Sipajhar, and Kalaigaon blocks presented impactful educational interventions. Top contributors were awarded for excellence, promoting peer learning and community engagement. The event reinforced DIET's mission of grassroots educational reform and teacher motivation. The district level programme was successfully coordinated by DIET Darrang faculties namely Dr. Sonali Sarma, Dr. Rinku Deka and Dr. Himangshu Goswami.

DIET Darrang Holds Orientation on

Learning Enhancement for Low-Performing Schools

DIET Darrang conducted a two-phase orientation programme in October 2023 and February 2024 for teachers from low-performing schools in the district as a part of IQAC initiative. The sessions focused on interactive, toy-based, sports-integrated, and multimedia-supported teaching methods to address learning gaps. Led by DIET faculties, the training emphasized joyful, inclusive, and outcome-oriented pedagogy. This initiative aims to improve student learning outcomes through ongoing mentoring and support. The programme was coordinated by Dr. Sonali Sarma, Lecturer, DIET.

Sports Integrated Pedagogy for Primary Teachers

On March 5–6, 2024, DIET Darrang hosted a two-day orientation on Sports Integrated Pedagogy for 50 Lower Primary teachers of Dalgaon Block as per IQAC initiative. Coordinated by Ms. Pikumani Saikia and Ms. Pinky Ghosh, the programme introduced innovative strategies to blend academics with physical activity, including traditional Assamese games. Aligned with NEP 2020, the training emphasized holistic development, improved engagement, and classroom inclusivity through movement-based learning.

E-Content Development Orientation for Teachers

To enhance digital teaching skills, DIET Darrang organized a two-day orientation on e-content development on 11–12 March 2024. Led by experts from DIET Dhubri and DIET Darrang, 32 teachers received hands-on training in creating digital lessons, quizzes, and explanation videos. The programme aligned with NEP 2020 goals and empowered teachers to adopt engaging digital pedagogies. The district level programme was successfully coordinated by Dr Rinku Deka, Lecturer (ET), DIET Darrang as a part of IQAC initiative.
